## Synopsis

Jennifer Kellogg will share stories and images of her experiences working with refugee children in Greece. In 2017, Jennifer spent three weeks with a group of volunteers working in urban Athens with unaccompanied refugee minors, otherwise known as homeless children. This experience gave her a greater appreciation for the global refugee crisis, the effects that it has had on Greece, and the personal traumas that the refugees have suffered.

Please join us to learn more about the refugee crisis in Greece and how you can help.

## Our Presenter

Dr. Jennifer R. Kellogg is the Executive Director of the Greek America Foundation, based in New York City. She holds a PhD in Modern Languages and Literatures from the Université Libre de Bruxelles (ULB), Belgium. She speaks Greek fluently and has been working in the field of Hellenic Studies in academia and non-profits for the past twenty years.
